

Homeland Security Analysis and Consulting

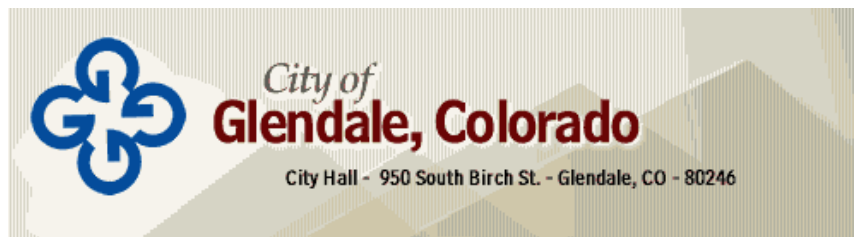

TERRORISM TACTICS TENDENCIES AND TRAITS

A One-Day Workshop on

September 14th, 2006

Hosted by the Glendale Police Department

Registration and networking 8:00 a.m.

Session will Begin at 8:30 a.m.

Due to the sensitive nature of the information, this is a restricted attendance seminar.

This one day workshop will give an in depth history of terrorism and examine the US war against terror during the last century. Current situational tactics and understanding of this enemy are addressed. An analysis of the tendencies and a review of the al qaeda manual will also be covered. Information on terrorists operational traits and reliance on the use of explosives with both historical and current data from official national counter terrorism educational sources. This workshop includes case studies from around the world and an analysis of the 9/11 commission report. ***A SPECIAL CASE STUDY WILL BE PRESENTED ON THE FOILED TERRORIST PLOT IN CANADA FROM EARLY JUNE OF THIS YEAR.***

The workshop is designed to address the need for critical participants, both public sector and private industry, to understand the history, concepts and goals of terrorists and how they operate.

Who Should Attend

Law Enforcement, EMS and Fire personnel, All emergency service training academies, Public Works, Public Safety Communications, Emergency Management, Public Health, Health Care, Government Officials, Hazardous Materials Technicians, School Administrators and private sector businesses identified as critical infrastructures by the Department of Homeland Security.

About HSAC Principal Analyst and Consultant Todd Manns

Todd's background includes service in the United States Marines, law enforcement experience as a SWAT officer and operational sniper, managerial and policy implementation as an interim Chief of Police, and various assignments in support of U.S. efforts against global terror.

Todd has been contracted as a consultant to elements of U.S military Special Forces and has written the emergency response plans for over 20 water districts across the country. He is a certified instructor for several members of the National Consortium on Domestic Preparedness thru the Department of Homeland Security, and the FEMA Emergency Management Institute. He also instructs for the Colorado Division of Fire Safety, the Colorado Regional Community Policing Institute and the Denver Urban Area Security Initiative. Todd holds an instructor certification for Colorado Peace Officer Standards and Training curriculum (POST). He is a certified instructor in all levels of the new all hazard ICS curriculum having completed the EMI L-449 train the trainer course.

Currently, Todd is assisting the first responder community across the western region of the United States on numerous all risk Homeland Security issues. He is a member of the Colorado Emergency Managers Association, and The International Association of Bomb Technicians and Investigators.
